The diagram illustrates a file dependency structure. At the top is a header file box (shaded gray) containing the text: `tesseract_collision`, `/vhacd/include/tesseract`, and `_collision/vhacd/inc/vhacdICHull.h`. Below it are two source file boxes. The left box contains `tesseract_collision` and `/vhacd/src/vhacd/VHACD.cpp`. The right box contains `tesseract_collision` and `/vhacd/src/vhacd/vhacdICHull.cpp`. Two blue arrows point from the bottom of each source file box to the bottom of the header file box, indicating that both source files include or depend on the header file.
